Elsie Poppet

Nickname: Munchkin

Age: Only little!

Magic Power: Grown-up Guide - Helps growing-up children take good care of younger ones, and reminds them to be a good role model.

Biography

Once upon a time in Fairyland, not so long ago, a little fairy watched her older brother prepare for his nightly Tooth Fairy travels.

"Why can't I go with you?" she asked.

"Because you're too little, Munchkin, and you don't have your own magic yet" he replied.

After he left, Elsie Poppet thought hard about what her brother had said. She couldn't be too little - she could fly for eight whole hours at a time! But her own magic? She didn't have that... or did she?

Every fairy's magic is based on what makes them unique, and Elsie decided right then what made her special. As the soon-to-be Youngest Tooth Fairy, she knew all about being the littlest one! Children who lose a tooth are growing up, so she would use her magic to help them care for the baby ones. Younger siblings, cousins or friends - they all look up to their bigger heroes, and so Elsie helps them do their best.

When her brother returned, she let him know she was ready. Munchkin had an important job to do!

Twinkle Cottage

All About Twinkle Cottage

Elsie Poppet lives with her family - including an annoying older brother who calls her Munchkin - in Twinkle Cottage. A little way down Toothville's Nibble Lane, her home is enclosed by a small pond. This means that ever since she was a baby, Elsie has been making short flights to and from the house, strengthening her tiny wings.

As well as flying, Elsie practices other tooth fairy activities at home, since she's not yet old enough to go to school. With her father's help, she has learned to write letters, and her mother helps her create her own special magic dust in one of their toadstool workshops. When her grandmother takes an afternoon nap, she hides a trinket under her pillow for Munchkin to collect very, very carefully... if Granny wakes up, it's game over!

Best of all, sometimes her big brother takes her on short Tooth Fairy missions. Elsie adores him, even if she has to do as he says while they're in the human realm. It's very important for grown-ups to help little ones, and fairies are no exception. That's why Elsie's 'Grown-up Guide' magic helps older children take care of younger ones, and become a good role model!

Official Tooth Fairy Letter

Dear

Congratulations on losing your tooth! I am Elsie Poppet, your Tooth Fairy. Thank you for your toothy gift. I will look after it well, just as you have.

As the Youngest Tooth Fairy, I have important news. When you lose a tooth, it means you are growing up! And now, you have to look out for those younger than you. We little ones look up to you - you're our hero! So please care for us well, and set a good example.

Maybe this sounds like a big job, but I'm here to help. Since I know all about being the littlest, I've made some magic to help you look after your young companions.

I might be the baby, but I got to stay up later than you last night! While you were sleeping, I sprinkled my 'Grown-up Guide' magic over your pillow. It holds all my wisdom about being little. Whenever you're the big one in charge, it will remind you to do your best!

With love and hugs,

Elsie Poppet
