Gladys Elderflower

Biography

Many years ago in Fairyland, a witch named Gladys Elderflower lived in an ancient cottage. The other fairies, afraid of her, stayed away. She studied, became very wise, and learned lots of magic. But Gladys was lonely. What use was it all, with no friends to share it with?

One day, a young fairy exploring the woods gave his wobbly tooth a poke. It had been like this for a while now - teeth weren't supposed to move, were they? This time, upon his gentle push, it fell out! Oh no! Upset, he ran blindly through the woods. Eventually, lost, he found himself outside the witch's cottage.

Gladys gently took in the child, and explained that a new tooth would grow in. She then granted him a wish with her magic, bringing his parents to the cottage. This happened to be their wish at that moment, too. Realizing that the witch was good, the other fairies began to visit her, and encouraged her to become a tooth fairy. At last, she could share her kindness and magic with the world, as the Tooth Fairy Godmother.

Wisewood Cottage

All About Wisewood Cottage

Gladys Elderflower lives in a very old house called Wisewood Cottage. Although it's showing its age, it's a cozy, charming home. After so many years by herself in Mushroom Hollow, Gladys has made her sanctuary very comfortable. With flowers to attract friendly bees and a small nesting hole in the outer wall, the woodland creatures have always loved to visit, even when the other fairies didn't!

Gladys often spends her days in the workshop at the side of the cottage. Here, she mixes wild fairy dust with ingredients from nature; after plenty years of experience, she knows exactly which plants to pick. Many shelves hold many jars of colorful and shimmering magic dust, each created to help make a different wish come true. But usually, the Toothfairy Godmother works to replenish her most valuable spell, Guardian Blessing.

When a child loses a tooth, those lucky enough to get a visit from their Toothfairy Godmother will receive her Guardian Blessing. Through this magic, Gladys can keep a watchful, loving eye on children in her care. Perhaps, if she sees them in trouble every day, she'll use her other spells to grant their wishes.

Official Tooth Fairy Letter

My Dearest

I am your Toothfairy Godmother, and I want to congratulate you on losing your tooth! You are growing up, and I am so very proud of you.

Your precious baby tooth is now with me; I can see that you've taken good care of it. I do hope that you'll continue to look after your bright, beautiful smile.

Now that your big teeth are on their way, I'm sure you have a lot of big plans. Perhaps I can help you a little with these. Do you know that Fairy Godmothers are able to grant wishes?

Last night, while you were in dreamland, I sprinkled my 'Guardian Blessing' magic over your pillow. This spell helps me to keep a watchful eye on you, and gently steer you to make good choices. If I can see that you are doing your best to think through your actions and treat others nicely, perhaps I might grant you a wish or two. I'd love to see you grow into your best self!

With much love from your Toothfairy Godmother,

Gladys Elderflower
