

Moonbeam Manor

All About Moonbeam Manor

Toothiana, the Moonshine Tooth Fairy, lives in the enchanted Luna Glade, where the magical moonbeam brought her to life all those years ago.

Her home, Moonbeam Manor, is nestled in the perfect spot to capture the full lunar glow. Hidden deep in the forest, away from curious humans, at night the fairy house brightens the surrounding darkness with its soothing, colorful glimmer.

A twinkling pond surrounds Moonbeam Manor, helping its mysterious plants and flowers to flourish. It's well known that in the human realm, plants soak up sunlight, but at Luna Glade, they absorb the moonlight. Together, the house and its unique garden help our Moonshine Tooth Fairy turn moonbeams into magic, every single night.

Moonbeam Manor is just as charming inside as on the outside. During the night, the cozy rooms glow with the same enchanted light that Toothiana casts around sleeping children's beds. It's a place of love to visit, because it always feels like they're being hugged. Although children cannot see it, Moonbeam Manor is a lighthouse in the night. This magical house is filled with a gentle, comforting aura that beams out to all who are wide.
